	<table border="1"> <thead> <tr> <th>Part Number</th> <th>Material and Finish</th> <th>Description</th> </tr> </thead> <tbody> <tr> <td>6.1.12.1</td> <td>ZDC Galvanized</td> <td>T shaped key 57mm long to unlock all quarter turn series with a 6mm square drive</td> </tr> </tbody> </table>	Part Number	Material and Finish	Description	6.1.12.1	ZDC Galvanized	T shaped key 57mm long to unlock all quarter turn series with a 6mm square drive	<table border="1"> <thead> <tr> <th>Part Number</th> <th>Material and Finish</th> <th>Description</th> </tr> </thead> <tbody> <tr> <td>6.1.12.2</td> <td>Poly carbonate</td> <td>T shaped key 57mm long to unlock all quarter turn series with a 6mm square drive</td> </tr> </tbody> </table>	Part Number	Material and Finish	Description	6.1.12.2	Poly carbonate
Part Number	Material and Finish	Description											
6.1.12.1	ZDC Galvanized	T shaped key 57mm long to unlock all quarter turn series with a 6mm square drive											
Part Number	Material and Finish	Description											
6.1.12.2	Poly carbonate	T shaped key 57mm long to unlock all quarter turn series with a 6mm square drive											
Locks													
	<table border="1"> <thead> <tr> <th>Part Number</th> <th>Material and Finish</th> <th>Description</th> </tr> </thead> <tbody> <tr> <td>8.2.135.1</td> <td>ZDC Galvanized</td> <td>T shaped key 57mm long to unlock all quarter turn series with a 8mm square drive</td> </tr> </tbody> </table>	Part Number	Material and Finish	Description	8.2.135.1	ZDC Galvanized	T shaped key 57mm long to unlock all quarter turn series with a 8mm square drive	<table border="1"> <thead> <tr> <th>Part Number</th> <th>Material and Finish</th> <th>Description</th> </tr> </thead> <tbody> <tr> <td>8.3.135.1</td> <td>ZDC Galvanized</td> <td>T shaped key 57mm long to unlock all quarter turn series with a 8mm Triangular drive</td> </tr> </tbody> </table>	Part Number	Material and Finish	Description	8.3.135.1	ZDC Galvanized
Part Number	Material and Finish	Description											
8.2.135.1	ZDC Galvanized	T shaped key 57mm long to unlock all quarter turn series with a 8mm square drive											
Part Number	Material and Finish	Description											
8.3.135.1	ZDC Galvanized	T shaped key 57mm long to unlock all quarter turn series with a 8mm Triangular drive											
Rotary Operating Handles													
	<table border="1"> <thead> <tr> <th>Part Number</th> <th>Material and Finish</th> <th>Description</th> </tr> </thead> <tbody> <tr> <td>7.2.135.1</td> <td>ZDC Galvanized</td> <td>T shaped key 57mm long to unlock all quarter turn series with a 7mm square drive</td> </tr> </tbody> </table>	Part Number	Material and Finish	Description	7.2.135.1	ZDC Galvanized	T shaped key 57mm long to unlock all quarter turn series with a 7mm square drive	<table border="1"> <thead> <tr> <th>Part Number</th> <th>Description</th> </tr> </thead> <tbody> <tr> <td>6WAY5.135.1</td> <td>ZDC 8mm & 6mm square, 8mm tri, double bit and screwdriver adaption</td> </tr> </tbody> </table>	Part Number	Description	6WAY5.135.1	ZDC 8mm & 6mm square, 8mm tri, double bit and screwdriver adaption	
Part Number	Material and Finish	Description											
7.2.135.1	ZDC Galvanized	T shaped key 57mm long to unlock all quarter turn series with a 7mm square drive											
Part Number	Description												
6WAY5.135.1	ZDC 8mm & 6mm square, 8mm tri, double bit and screwdriver adaption												
Transformer Equipment													
	<table border="1"> <thead> <tr> <th>Part Number</th> <th>Material and Finish</th> <th>Description</th> </tr> </thead> <tbody> <tr> <td>4.1.135.1</td> <td>ZDC Galvanized</td> <td>Double bit key</td> </tr> </tbody> </table>	Part Number	Material and Finish	Description	4.1.135.1	ZDC Galvanized	Double bit key						
Part Number	Material and Finish	Description											
4.1.135.1	ZDC Galvanized	Double bit key
